Re: APA Project No. 2012-59

I am writing this letter opposing the above referenced project.

My name is Craig Merrell and I am the owner of the property adjacent to the proposed project – Tax Map # 150.2-1-2.123. As you probably recall, the Tractor Supply Company has a long term lease at that location and collectively we have spent a lot of time and money developing the site for its current use.

The traffic, noise, visual, and odiferous after effects of the proposed project will greatly impact our site and the related retail business.

I simply don't have enough information at this point to provide a more detailed list outlining all my concerns.

I would request a copy all documents related to project be forwarded to me ASAP so that I can review them with my counsel and better understand the projects impact on my property and the surrounding area.

Sincerely,

A handwritten signature in black ink that appears to read "Craig Merrell".

Craig Merrell
