

**Description of Structures
Proposed for Conversion to
Residential Use Under Section 811(1)(b)
of the Adirondack Park Agency Act**

(Please provide a Separate Description for
each Structure Proposed to be Converted)

1. Label and provide a description of the structure including type of construction, past use, present condition and the year that the structure was built. Show the location of the structure on a sketch map of the property.
2. What is the total square footage of interior floor space (excluding decks or porches)? Provide the total square footage of decks and porches and indicate whether they are open or enclosed.
3. State the number and describe all of the following contained in the structure:
 - Bedrooms
 - Baths
 - Kitchen
 - Heat
 - Electricity
 - Water
 - Sewage disposal
 - Fireplace
 - Other
4. What repair and remodeling will be required to convert the structure to residential use?
5. What is the estimated market value of the structure?
6. Please attach a recent photograph of the structure.
7. When was the structure last used as a rental cottage, group camp or other tourist accommodation structure?
