**Applicability:** This General Information Request, together with a Supplemental Information Request, is the application for an Adirondack Park Agency permit for a variety of Major Projects. The General Information Request seeks general information about the project site and proposal while the Supplemental Information Request is specific to the type of project being proposed. The Agency may also request pertinent additional information based on the information contained in the application.

**Instructions:** Please answer all of the questions in each numbered section and provide all applicable attachments. Type or print clearly in ink. **Submit three completed copies of each of the following:** this General Information Request, a Supplemental Information Request specific to your project, and all required attachments to the Agency at the above address. A site visit by Agency staff will also be required. The Adirondack Park Agency Act provides that the time period for review of the proposed project will not begin until the Agency determines that the application is complete. If the application is not complete, a request for missing and/or additional information will be issued within 15 days of receipt of the application, indicating what information is still required for a complete application. The proposed project may not be undertaken until a permit has been issued by the Agency.

**Assistance:** For assistance in completing this application or to request a pre-application meeting, please contact the Agency’s Regulatory Programs division at the above address/telephone number and/or refer to the Agency’s website.

(This information is typically available from the Real Property Tax Services at County Offices or from the Town/Village assessors.)

10. **Project Site History:**

   As part of its review of the project, Agency staff must understand the history of the project site. Check if no buildings or structures removed or destroyed since August 1, 1973 _____

11. Historic Resources:

Does the project site have any buildings that are more than 50 years old, or does the project site or surrounding area contain any structures or districts which are listed or deemed eligible to be listed on the State or National Register of Historic Places or does the project site involve any known archeological resources?

____No

____Yes to any of the above criteria

If yes, provide a location map, project description, site plan map, and recent photographs keyed to the location map to the New York State Office of Parks, Recreation and Historic Preservation (OPRHP) as part of consultation required by the State Historic Preservation Act. Please be advised that the Agency cannot deem an application as complete until the OPRHP’s determination and/or recommendations for historic resource impact mitigation have
been provided to the Agency.

12. **Shoreline:**

Shoreline means that line at which land adjoins water of lakes or ponds or navigable (by boat or canoe) rivers and streams. There are minimum shoreline vegetation cutting restrictions, lot widths, structure setbacks, sewage disposal system setbacks and shoreline access requirements under the Adirondack Park Agency Act and regulations implementing the NYS Wild, Scenic and Recreational Rivers Act. These shoreline protection standards are measured from the mean high water mark (MHWM - the average of the annual high water levels). Please contact Agency staff for requirements. If the project site has shoreline and you propose construction of any kind within 100 feet of the shoreline (150 feet for Recreational Rivers, 250 feet for Scenic Rivers), the MHWM will have to be established and shown on a site plan map in order to have a complete application. At the project sponsor’s request, Agency staff will determine the MHWM at the project site or you can have the determination made by a NYS licensed land surveyor. If you are unsure of navigability, please contact Agency staff.

a) Does the project site contain any navigable water?
   ____No (If no, go to Section 13-Wetlands)
   ____Yes. Name of water body: ____________________________________
   
   Length of shoreline on the project site (as it winds and turns):_______feet

b) Is any portion of the shoreline currently being used or proposed for use by others for deeded or contractual access to the water body?
   ____No
   ____Yes. If yes, identify and describe all shoreline access parcels, the number of lots having access to each parcel and the dates access was granted. Also, please provide a complete copy of all deeds for all properties which have been granted access to the water body via a shoreline access parcel:

c) Will any vegetation be cut or removed within 35 feet of a lake or pond or navigable river or stream or within 100 feet of a designated NYS Wild, Scenic or Recreational River? (If you are uncertain whether the shoreline is along a designated river, check the Adirondack Park Land Use and Development Plan Map, or the APA Regulations Appendix Q-6, or contact Agency staff.)
   ____No
   ____Yes. If yes, describe type, amount and location of vegetation to be removed:

13. **Wetlands:**

Page 6 of 11
a) Are there any wetlands on the project site?
   ____No  (If no, go to Section 14-Other Regulatory Permits and Approvals)
   ____Yes. If yes, answer the following questions. The wetland boundaries as
delineated and/or confirmed by Agency staff must be shown and labeled on
the Site Plan Map.

b) Are any of the activities listed below proposed to occur within the boundaries of a
freshwater wetland?
   ____No
   ____Yes. If yes, check all that apply:
   ____ Draining; dredging; excavation; removing soil, peat, muck, sand,
   shells or gravel
   ____ Dumping or filling with soil, stone, sand, gravel, mud, or fill of any kind
   ____ Erecting structures, building roads or driveways, driving pilings, or
   placing any other obstructions
   ____ Clearcutting of more than three acres: state number of acres ____.  
   ____ Applying pesticides or fertilizers
   ____ Constructing a wastewater treatment system or discharging a
   sewer outfall

If yes, please also provide a detailed written description of the measures taken to
avoid or minimize wetland impacts:

___________________________________________________________________
___________________________________________________________________
___________________________________________________________________
______________________________________________________________

If “Yes” was checked for any of the questions in this section, a compensatory wetland
mitigation plan prepared in accordance with the “New York State Adirondack Park Agency
Compensatory Mitigation Guidelines” may be required. A copy of these guidelines is
available on the Agency’s website (www.apa.ny.gov) or upon request.
14. Other Regulatory Permits and Approvals:

The Agency cannot approve a project which has been denied a permit or which is a prohibited use under local zoning requirements and other local laws or ordinances. The Agency will also recognize community goals expressed in a formally adopted land use plan. The project should be designed to the regulatory requirements of other involved agencies.
a) **Local Government Notice Form:**
Provide, as Attachment E, a completed copy of the enclosed Local Government Notice Form to the municipality in which your project is located. Have it filled out and signed by an appropriate official (e.g., Zoning Administrator, Planning Board Chairman or Supervisor, if no Zoning Administrator or Planning Board Chairman) and return it with the project application. Please read the form for instructions.

b) **Municipal Approval Documents:**
If local approval has been obtained for the proposed project, then provide, as Attachment F, documentation (e.g., permit, site plan approval or final subdivision plat) to the Agency which confirms that the project has been approved pursuant to all applicable town and county laws including any necessary approvals from the planning and zoning boards. Also, please provide a copy of the relevant minutes of all local meetings at which the project has been discussed. (This last request is continuous; the information should be provided to the Agency as it becomes available.)

c) **State and Federal Agency Contacts:**
Complete the following table and indicate whether any of the following agencies or departments have been contacted. Your APA application may remain incomplete until all state agency applications are complete, to allow a coordinated review.
