must be recorded on or before
February 18, 2013. Please index this
permit in the grantor index under the
following names:

- 1. Essex County**
- 2. New York State Electric and Gas**
- 3. New York State Police**
- 4. Upper Hudson Woodlands, ATP,
LP**

SUMMARY AND AUTHORIZATION

Essex County and New York State Electric and Gas (NYSEG) are granted a permit, and the New York State Police (NYSP) is granted an order on conditions pursuant to Section 810 and 814 of the Adirondack Park Agency Act, authorizing the installation of infrastructure associated with the comprehensive emergency communication system approved by Agency Project Order and Findings 2012-128.

The infrastructure approved herein is located in a Resource Management land use area, on Blue Mountain, in the Town of Indian Lake, Hamilton County. The project site is identified on Town of Indian Lake Tax Map Section 39, Block 1 as Parcel 1.111.

The project as proposed and authorized:

Infrastructure which will be owned by Essex County or NYSEG, and the NYSP:

1. One (1) 12 foot long Essex County paging whip antenna mounted at a tip elevation of 60± feet above ground level (AGL); and
2. Two (2) 20 foot long NYSEG dipole whip antennas mounted at tip elevations of 125± and 165± feet AGL.

Infrastructure which will be owned by the NYSP and used by Essex County, NYSEG, and the NYSP:

1. One (1) six foot microwave dish antenna with radome to be installed at a centerline elevation of 36± feet AGL;
2. One (1) six foot microwave dish antenna with radome to be installed at a centerline elevation of 180± feet AGL; and
3. One (1) two foot microwave dish antenna with radome to be installed at a centerline elevation of 70± feet AGL. This antenna will be used by NYSP only.

NYSEG infrastructure which has been permitted but will no longer be installed at this site include a six-foot microwave dish antenna at the 44± foot AGL level and two dipole antennas at elevations of 120± and 160± feet AGL (all permitted by Agency Permit 2008-158). NYSEG infrastructure which is currently installed on the tower and which will be removed as part of this project include a six foot microwave dish antenna with radome located at an elevation of 60± feet AGL.

CONDITIONS

Conditions in Order and Findings 2012-128

1. All conditions in Order and Findings 2012-128 remain in full force and effect unless specifically amended herein.

Additional Conditions Specific to this Project Site

2. The project shall be undertaken as described in the completed application, the Project Description as Proposed and Conditions herein. In the case of conflict, the Conditions control. Failure to comply with the permit is a violation and may subject the applicant, successors and assigns to civil penalties and other legal proceedings, including modification, suspension or revocation of the permit.
3. All deeds conveying all or a portion of the lands subject to this permit shall contain the following reference: "The lands conveyed are subject to Adirondack Park Agency Project Order and Findings 2012-128 issued December 18, 2012 and Permit 2012-128-12 issued December 18, 2012 the terms and conditions of which are binding upon the heirs, successors and assigns of the grantors and all subsequent grantees."
4. All antennas (including but not limited to the microwave dish and radome) and supporting infrastructure mounted on the tower shall be a non-reflective light grey which blends with the existing tower.
5. In accordance with Condition 12 of the Project Order and Findings, the photolocation for documenting the construction of the infrastructure approved herein shall be from the fire tower cabin which is located at the summit of Blue Mountain.

Findings of Fact

1. The project description and findings for this project are located in a separate document titled APA Project Order and Findings 2012-128 issued December 18, 2012 which is hereby fully incorporated herein by reference. The Order and Findings document contains the official statement of the project description.

- 2. Requiring the antennas and antenna mounting infrastructure to be as conditioned above will help to blend the infrastructure with the existing tower and thus reduce the visual impact.

CONCLUSIONS OF LAW

The Agency has considered all statutory and regulatory criteria for project approval as set forth in Sections 809(10) and 814 of the Adirondack Park Agency Act (Executive Law, Article 27) and 9 NYCRR Parts 574 and 579 and 9 NYCRR Part 4.150. The Agency hereby finds that the project is approvable and complies with the above criteria, provided it is undertaken in compliance with the conditions herein.

NOW THEREFORE, upon all of the foregoing and under authority delegated to the Deputy Director, Regulatory Programs, it is ORDERED, that these findings be duly reported to the New York State Police.

PERMIT issued this day
