RE: MA 2014-02, Town of Moriah

A landowner, Larry Putnam, has requested an amendment to the Official Adirondack Park Land Use and Development Plan Map. The applicant has requested that an approximate 12.5 acres of land be reclassified from Resource Management to Moderate Intensity Use. Agency staff have expanded the area to include adjacent lands of similar character in order to meet regional boundary criteria. This expanded area is approximately 20 acres in size.

Staff are seeking acceptance of the Draft Supplemental Environmental Impact Statement (DSEIS) and authorization to proceed to a public hearing at the October Agency meeting. Attached is related material for the amendment and the full version of the DSEIS can be found on the enclosed Mailing CD.
