RE: Meacham Lake Campground Unit Management Plan (UMP) Amendment

This amendment is for the relocation of the Meacham Lake Boat Launch. Agency staff has reviewed the Initial Draft Amendment to the Meacham Lake Public Campground Unit Management Plan, dated August 1993, which includes the relocation of the boat launch as an approved management action.

The 1993 UMP contemplates an improved trailered boat launching site and describes the planning process necessary to evaluate the size, design, and location for the facility. It also indicates that an amendment to the UMP will be necessary before the project is undertaken. This amendment fulfills that need. The design and location proposed will meet the current and future needs of visitors to Meacham Lake while avoiding sensitive habitat and limiting shoreline disturbance.

The Agency has not received any public comment regarding this amendment. The Department has received public comment and their responses are addressed in the Proposed Final UMP amendment.

The Meacham Lake Campground UMP Amendment, dated December, 2014, conforms to the general guidelines and criteria of the Adirondack Park State Land Master Plan.
