Good morning,

I received your letter regarding project # 2021-0167. I appose this project Leon Catlin has requested to do because he also owns the land where the old dump use to be on the Shore Airport Road. They made changes to the land and the water has washed out exposing material/garbage from the old dump and now drains to the brook which ends up in Lake Champlain. The focus should be for them to clean this up before putting money's into this proposed project. What he has created should be looked into. Its concerning to me what he will create doing his new proposed project, when he knows the garbage is exposed, where it drains and has ignored this.(out of site, out of mind)

I would be happy to speak with you on the phone and provide more details of this situation. Please call 518-585-6453

Sincerely,

Mark Nadeau
