**SUMMARY AND AUTHORIZATION**

This permit authorizes a two-lot subdivision and construction of a single family dwelling in an area classified Rural Use on the Adirondack Park Land Use and Development Plan Map in the Town of Saranac, Clinton County.

This authorization shall expire unless recorded in the Clinton County Clerk's Office within 60 days of issuance of a signed and notarized permit. The signed and notarized permit shall be recorded in the names of all persons listed above and in the names of all owners of record of any portion of the project site on the recordation date.

The project shall not be undertaken or continued unless the project authorized herein is in existence within five years of the date the permit is recorded in the Clinton County Clerk's Office. The Agency will consider the project in existence when an authorized lot has been conveyed to an outside party or when the foundation of the single family dwelling has been constructed.

The project shall be undertaken in compliance with all conditions stated herein. Failure to comply with this permit is a violation and may subject the permittee, successors, and assigns to civil penalties and other legal proceedings.

This permit does not convey any right to trespass upon the lands or interfere with the riparian rights of others in order to undertake the authorized project, nor does it authorize the impairment of any easement, right, title or interest in real or personal property.

Nothing contained in this permit shall be construed to satisfy any legal obligations of the permittee to comply with all applicable laws and regulations or to obtain any governmental approval or permit from any entity other than the Agency, whether federal, State, regional, or local.

### **PROJECT SITE**

The site is identified as Tax Map Section 226, Block 1, Parcel 2, and is described in a deed from William L. Perrill and Lavada Perrill to Stanley S. Warick and Mindy Warick, dated October 3, 2024 and recorded on October 10, 2024 in the Clinton County Clerk's Office under Instrument Number 2024-00340273.

The project site contains wetlands that begin at a culvert crossing Number 37 Road and drains onto the project site. Additional wetlands not described herein or depicted on the Site Plan may be located on or adjacent to the project site.

### **PROJECT DESCRIPTION**

The project as conditionally approved herein involves a two-lot subdivision of a vacant 181±-acre parcel, to create a vacant 179.75±-acre lot (Lot 2) and a 1.25±-acre lot (Lot 1) to be improved by a single family dwelling and associated on-site wastewater treatment system.

The project is shown on the following Project Plans:

- A one-page site plan prepared by Stanley Warick, dated October 20, 2025 and received by the Agency on October 22, 2025 (Site Plan); and
- A two-sheet set of plans titled "Warick Residence Sewage Treatment System", prepared by Moser Engineering, dated September 9, 2025 and received by the Agency on October 22, 2025 (Septic Plans).

A reduced-scale copy of the Site Plan for the project is attached as a part of this permit for reference.

### **AGENCY JURISDICTION**

Pursuant to Section 809(2)(a) of the Adirondack Park Agency Act and Adirondack Park Agency regulations at 9 NYCRR Part 578, a permit is required from the Adirondack Park Agency prior to any subdivision involving wetlands in the Adirondack Park.

Pursuant to Section 809(2)(a) of the Adirondack Park Agency Act, a permit is required from the Adirondack Park Agency prior to any subdivision of Resource Use lands that results in the creation of a non-shoreline lot smaller than 7.35 acres in size in the Adirondack Park.

3. In addition to complying with all terms and conditions of this permit, all future activities on the project site shall be undertaken in compliance with the requirements of New York State's Adirondack Park Agency Act, Freshwater Wetlands Act, and the Adirondack Park Agency's implementing regulations [9 NYCRR §§ 570-588].
4. All deeds conveying all or a portion of the lands subject to this permit shall contain references to this permit as follows: "The lands conveyed are subject to Adirondack Park Agency Permit 2025-0135, issued December 16, 2025, the conditions of which are binding upon the heirs, successors and assigns of the grantors and all subsequent grantees."
5. Subject to the conditions stated herein, this permit authorizes a two-lot subdivision as depicted on the Site Plan. Any subdivision of the project site not depicted on the Site Plan shall require a new or amended permit.
6. Subject to the conditions stated herein, this permit authorizes the construction of one single family dwelling on Lot 1 in the location and footprint shown and as described on the Site Plan.

The single family dwelling shall be no more than 40 feet in height, as measured from the highest point on the structure, to the lower of either existing or finished grade. Any change to the location or dimensions of the single family dwelling shall require prior written Agency authorization.

Construction of the system shall be supervised by a New York State design professional (licensed engineer or registered architect). Within 30 days of complete system installation and prior to its utilization, the design professional shall provide written certification to the Agency that the system was built in compliance with the approved plans.

No on-site wastewater treatment system shall be installed on the project site more than five years after the date of issuance of this permit except pursuant to written authorization from the Agency.

When brought from off-site, all equipment, including but not limited to trucks, excavators, tractors, etc., and hand excavation tools such as shovels, rakes, and picks, to be used on the project site shall be clean and free of soil, mud, or other similar material. If washed on the project site, equipment shall be washed in one location to prevent the distribution of propagules among different wash sites. All construction equipment and vehicles operating in areas that may contain existing invasive species shall be thoroughly cleaned prior to moving to other areas.
11. Any new free-standing or building-mounted outdoor lights shall employ full cut-off fixtures that are fully shielded to direct light downward and not into the sky or toward adjoining property.
