APA Permit
2025-0265

Date Issued: **December 23, 2025**

In the Matter of the Application of

STEVEN FOLEY AND JAMIE FOLEY
Permittees

for a permit pursuant to § 809 of the Adirondack
Park Agency Act

To the County Clerk: Please index
this permit in the grantor index
under the following name(s):

- 1. Steven Foley**
- 2. Jamie Foley**

SUMMARY AND AUTHORIZATION

This permit authorizes the construction of a single family dwelling and accessory barn in an area classified Resource Management on the Adirondack Park Land Use and Development Plan Map in the Town of Saranac, Clinton County.

This authorization shall expire unless recorded in the Clinton County Clerk's Office within 60 days of issuance of a signed and notarized permit. The signed and notarized permit shall be recorded in the names of all persons listed above and in the names of all owners of record of any portion of the project site on the recordation date.

The project shall not be undertaken or continued unless the project authorized herein is in existence within five years of the date the permit is recorded in the Clinton County Clerk's Office. The Agency will consider the project in existence when an authorized structure has been constructed.

The project shall be undertaken in compliance with all conditions stated herein. Failure to comply with this permit is a violation and may subject the permittee, successors, and assigns to civil penalties and other legal proceedings.

This permit does not convey any right to trespass upon the lands or interfere with the riparian rights of others in order to undertake the authorized project, nor does it authorize the impairment of any easement, right, title or interest in real or personal property.

Nothing contained in this permit shall be construed to satisfy any legal obligations of the permittee to comply with all applicable laws and regulations or to obtain any governmental approval or permit from any entity other than the Agency, whether federal, State, regional, or local.

PROJECT SITE

The project site is a 21.4-acre parcel of land located on Dann Road in the Town of Saranac, Clinton County, in an area classified Resource Management on the Adirondack Park Land Use and Development Plan Map. The site is identified as Tax Map Section 214, Block 1, Parcel 9.9, and is described in a deed from Paul R. Herbold III to Jamie and Steve Foley, dated February 25, 2025, and recorded February 25, 2025 in the Clinton County Clerk's Office under Instrument Number 2025-00342701.

The project site contains existing access from Dann Road that crosses a stream that bisects the project site. Wetlands not described herein or depicted on the Project Plans may be associated with the stream or located on or adjacent to the project site.

The project site was created as "Lot 3" in a four-lot subdivision as authorized by Agency Permit 2024-0307.

PROJECT DESCRIPTION

The project as conditionally approved herein involves the construction of a single family dwelling and accessory barn.

The project is shown on the following Project Plans:

- A two-page set of plans entitled "Foley Residence Sewage Treatment System," prepared by Moser Engineering and dated May 22, 2025 (Septic Plans); and
- A hand drawn Site Plan map drawn by Steve Foley and dated November 19, 2025 (Site Plan).

A reduced-scale copy of the Site Plan for the project is attached as a part of this permit for reference.

AGENCY JURISDICTION

Pursuant to Section 809(2)(a) of the Adirondack Park Agency Act, a permit is required from the Adirondack Park Agency prior to the construction of any single family dwelling on Resource Management lands in the Adirondack Park.

CONDITIONS

THE PROJECT IS APPROVED SUBJECT TO THE FOLLOWING CONDITIONS:

1. The project shall not be undertaken until this permit has been recorded in the Clinton County Clerk's Office.
2. This permit is binding on the permittee, all present and future owners or lessees of the project site, and all persons undertaking all or a portion of the project. Copies of this permit, Septic Plans and Site Plan shall be furnished by the permittee to all subsequent owners or lessees of the project site prior to sale or lease, and by the permittee and/or any subsequent owner or lessee to all persons undertaking any development activities authorized herein.

3. In addition to complying with all terms and conditions of this permit, all future activities on the project site shall be undertaken in compliance with the requirements of New York State's Adirondack Park Agency Act, Freshwater Wetlands Act and the Adirondack Park Agency's implementing regulations [9 NYCRR §§ 570-588].
4. This permit amends and supersedes Permit 2024-0307 in relation to the project site. The terms and conditions of Permit 2024-0307 shall no longer apply to the project site.
5. All deeds conveying all or a portion of the lands subject to this permit shall contain references to this permit as follows: "The lands conveyed are subject to Adirondack Park Agency Permit 2025-0265, issued December 23, 2025, the conditions of which are binding upon the heirs, successors and assigns of the grantors and all subsequent grantees."
6. Subject to the conditions stated herein, this permit authorizes the construction of a single family dwelling and accessory barn on the project site in the location and footprint shown on the Site Plan. Any change to the location or dimensions of any authorized structure shall require prior written Agency authorization.
7. The construction of additional accessory structure on the project site shall require prior written Agency authorization.
8. Any on-site wastewater treatment system on the project site installed within five years of the date of issuance of this permit shall be constructed in conformance with the location and design shown on the Site Plan and Septic Plans. Construction of the system shall be supervised by a New York State design professional (licensed engineer or registered architect). Within 30 days of complete system installation and prior to its utilization, the design professional shall provide written certification to the Agency that the system was built in compliance with the approved plans.

No on-site wastewater treatment system shall be installed on the project site more than five years after the date of issuance of this permit except pursuant to written authorization from the Agency.

9. When brought from off-site, all equipment, including but not limited to trucks, excavators, tractors, etc., and hand excavation tools such as shovels, rakes, and picks, to be used on the project site shall be clean and free of soil, mud, or other similar material. If washed on the project site, equipment shall be washed in one location to prevent the distribution of propagules among different wash sites.
10. Any new free-standing or building-mounted outdoor lights shall employ full cut-off fixtures that are fully shielded to direct light downward and not into the sky or toward adjoining property.
11. There shall be no more than one principal building located on the project site at any one time. The single family dwelling authorized herein constitutes a principal building.

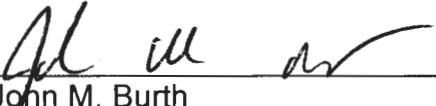

CONCLUSIONS OF LAW

The Agency has considered all statutory and regulatory criteria for project approval set forth in the Adirondack Park Agency Act and 9 NYCRR Part 574. The Agency hereby finds that the subdivision/single family dwelling authorized as conditioned herein:

- a. will be consistent with the land use and development plan;
- b. will be compatible with the character description and purposes, policies, and objectives of the Resource Management land use area;
- c. will be consistent with the overall intensity guidelines for the Resource Management land use area;
- d. will comply with the shoreline restrictions of § 806 of the Adirondack Park Agency Act; and
- e. will not have an undue adverse impact upon the natural, scenic, aesthetic, ecological, wildlife, historic, recreational or open space resources of the Park or upon the ability of the public to provide supporting facilities and services made necessary by the project.

PERMIT issued this 23rd day
of December, 2025.

ADIRONDACK PARK AGENCY

BY: 
John M. Burth
Deputy Director, Regulatory Programs

STATE OF NEW YORK
COUNTY OF ESSEX

On the 23rd day of December in the year 2025, before me, the undersigned, a Notary Public in and for said State, personally appeared John M.
