Re: Howitzer Problem

Suggest Reclassify
Missile Site to
"Industrial Use" where
everything is "competitive"
Avoids adversarial
hearing but requires
"legislative" or
public common hearing.
Proponent could
present his proposed
use and address public
questions and concerns.

Reclassification suppose
to be along regional
boundaries but site may
meet that requirement.
Paul J. Herrmann, Esq.
NYS APA Senior Atty
1979-1989

P.S. Reclassification
hearing should be held
near site at a place and
time convenient to the
general public. Best
